The Organizers state that the event will have the required administrative authorizations and the insurance cover expected and will comply not only with Italian legislation, but also with the Regulations of the National OPES Motor sector.

Art. 2

FEATURES OF THE EVENT AND THE ROUTE

The historic Milan-Taranto is an international, non-competitive, independent event (although a symbolic ranking will be published). It is a cultural, historic and commemorative event designed to familiarize entrants with the places, history, culture, traditions and art of the Italian people.

The route is divided into 6 legs with a total length of approx. 1,900 km, keeping as close as possible to the original Milan-Taranto route.

The event departure and arrival will take place in the places and at the times established in the Program and the 1st leg will be held at night.

The event will be run on public roads open to average speed traffic not exceeding 35 km/h unless any restrictions are issued by the competent authorities, and will be supported by the Organizers' stewards on motorcycles and the local police force, where necessary.

All Entrants will be notified by the Organizers of any variations in the route due to temporary works or closures by circular letters and on-route signs set up, where possible, by the police and/or by people appointed by the Organizers.

Direction signs and warning notices may be placed along the route, although the Organizers cannot be held responsible for these as every Entrant will be given a special check card with clear directions of the route.

Nevertheless, **all Entrants must fully comply with the current regulations of the Highway Code.**

The route itself is taken from the Internet geographic service, Google Maps.

Art. 3

ADMITTED MOTORCYCLES

The motorcycles admitted to the historic Milan-Taranto will be those belonging to the categories considered in points A, B, C, D, E and F.

Other bikes will not be admitted, except those used by the Organizers' stewards.

Art. 4

ADMITTED CATEGORIES

As stated above, only the following bike categories will be admitted:

A. "Le Gloriose" Category: open to bikes up to class 175 cc, the types and models of which participated in the legendary MILAN-TARANTO races **from 1950 to 1956**.

The bikes specified in the list attached to the Registration procedures in this category will be admitted subject to the submission of opportune photographic and historical documentation.
